Lady Mayor and Town Councillors  
Good evening.

COLIN KINLOCH

I am Charles Kinloch and brother of Colin and have been asked by Mary ,  
Colin's widow and his family to speak briefly on their behalf.

It is so sad that Colin cannot be here in person to receive his award  
himself.

Colin was immensely proud when he was told that he was to be proposed  
for the Honorary Freedom of the Town and Hundred of Tenterden  
which is such a rare award.

I know that Colin's family many of whom are here this evening including  
Mary, his 3 children and families and several of his 11 grandchildren are  
so proud of his achievements and his involvement in this historic town.

I know how much he and Mary loved Tenterden and how much he was  
involved in so many aspects of town life. These including town planning  
matters but also in local charities, the town hub and day centre as well as  
St Mildred's church.

He was always very generous with his time on behalf of the town and I  
I am also sure that there are many here who know much more about his  
involvement than I do.

I suspect also that knowing Colin as I do that he may have ruffled a few  
feathers over time but with the very best intentions.

On behalf of Mary and Colin's family and friends I can only thank you  
Lady Mayor and town councillors for the honour you have bestowed  
on Colin but sadly posthumously but will be a lasting legacy for him.

Thank you.
